Thank You Nana

I am so thankful for the respite provider I have for my children! **Terri Rico**, is kind, caring, compassionate and patient. She also happens to be my mom and their Nana. She is always available when I need help. It takes a special person with a big heart to handle all three of my kids with autism. They each have their own needs and my youngest requires a lot of help when he is having a rough day. I don't know what I would do without her. Love, The Lucas
