

## Start Planning for Summer School

## Monthly Shout Out: *Anna Gloria & Lissa Martinez*

Finding a summer program that suits your child's special needs, whether a day camp or a residential one, can be challenging. Which is best for your child -- a special needs camp, a community camp, or a summer spent at home with you? Contact your DDD support coordinator today to get a **Summer 2014 DTS directory**. The directory will give you a list of available camps and programs offered this summer. Summer programs fill up quickly so it's best to get registered early!

I have 2 amazing respite and attendant care providers, they also happen to be my sisters. They are so wonderful with my son who lives with cerebral palsy. I can't imagine not having their help. My son is very medically involved and they give us the encouragement, and motivation that we need. They are so sensitive to my son's needs. I can always depend on them. Even when my son is having a hard day they never give up on us. I'm indeed grateful and would love to give them the recognition they deserve for being the best caregivers we could ever ask for.
